Data Centre Services

Hyperscale Data Centre with **134MW Future Capacity**

Our Colt Mumbai Data Centre is located in Navi, Mumbai.

Designed to a Colt tier 3 specification, on completion this site will deliver 134MW of IT power across a potential gross site area of 62,490m².

Built to support India's mass cloud migration, mobile internet growth and rapid digitalisation of industries, our Colt Mumbai Data Centre is a fantastic option for large enterprises in the financial services sector or cloud companies who require scalable capacity to support their data centre requirements.

Service Excellence

Our Colt Mumbai Data Centre is being developed as part of Colt DCS' joint venture with RMZ, one of the world's largest privately-owned alternative asset owners, who have over 20 years of experience in asset ownership and management in India.

With a single point of contact, customers can be confident they will receive the highest level of service to support their data centre needs 24 hours a day, 365 days a year.

Facilities Overview

- Located in Navi, Mumbai
- Designed to a Colt tier 3 specification
- 62,490m² gross site area
- Office facilities
- Parking facilities

Power Capacity

- 134MW of IT power
- 1.45 annualised Power Usage Efficiency (PUE)
- 150MVA x 2 power transformers in N+N configuration
- 220kV GIS dedicated sub-station on site
- 11kV installed power generators
- N+N redundancy on EHV power supply

Connectivity

- 100% carrier neutral
- Access to a high concentration of fibre routes
- Entry to additional connected data centres
- Multiple diverse routes available to key carrier hotels

Cooling

- N+2 cooling units
- Inbuilt leak detection system
- Aisles are Hot Aisle Contained (HAC)
- High efficiency Electronically Commutated (EC) fans
- Backed up by dedicated Uninterrupted Power Supply (UPS)

Security

- 24/7 physical security onsite
- CCTV camera surveillance
- Boundary wall area with perimeter intruder detection system
- Controlled entrance to facilities and infrastructure
- Photo ID and biometric technology authorisation
- Central alarm monitoring system
