Data Centre Services

Large Enterprise Data Centre
Offering 1.2MW

Our Colt Frankfurt City Data Centre is designed to a Colt tier 3 specification and offers 1.2MW of IT power across a gross technical area of 2,620m^2.

Built to support the digital expansion of the city's financial hub and digitisation of industries, our Colt Frankfurt City Data Centre is perfectly designed to meet the needs of large enterprises looking for data centre space in a secure and well-connected environment.

Service Excellence

Our team is responsible for the entire mechanical and electrical infrastructure within our Colt Frankfurt City Data Centre. This includes management of the data halls, capacity management, security, energy procurement and the programme of planned preventative and corrective maintenance work.

With a single point of contact, customers can be confident they will receive the highest level of service to support their data centre needs 24 hours a day, 365 days a year.
