

Colt Milan Data Centre

Data centre specification

Colt Milan Data Centre

Powered by 4MVA

Colt Milan Data Centre offers 1,600sqm of secure and flexible space.

Highly efficient carrier neutral data centre facility in Milan

Colt Milan Data Centre is located just 12km away from the nearest airport, and 200m from the nearest railway station.

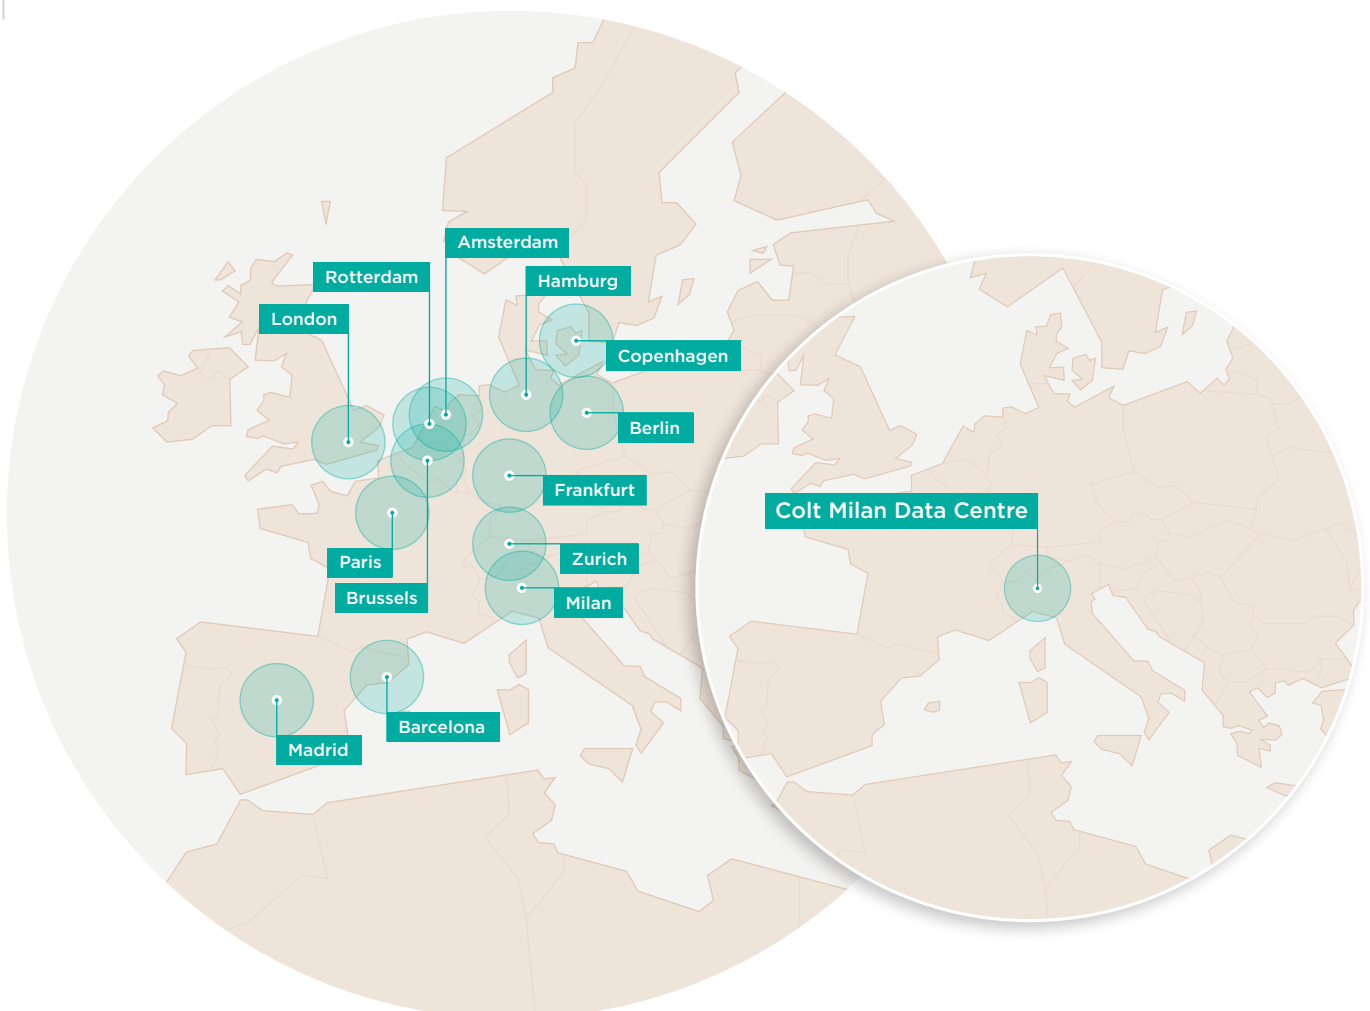

This Colt Tier 3 facility offers state-of-the-art technology, resilience and 24/7 security. With 4MVA of power available to site, this data centre will ensure you have the scalability of energy supply exactly when required.

Service excellence

- High level of reliability and resilience
- Consistent and efficient service delivery
- ITIL based service management methodology
- ISO 27001, ISO 14001 and ISO 9001 certified

Our team is responsible for the entire mechanical and electrical infrastructure within our Milan, Lancetti data centre. This includes management of the data halls, capacity management, security, energy procurement and the programme of planned preventative and corrective maintenance work.

With a single point of contact, you can be sure of the highest level of service to support your data centre needs 24/7.

Facility overview

- 1,600sqm of total built space
- 4MVA power
- Carrier neutral
- Colt Tier 3 certified (i.e. concurrently maintainable)

- Heavy duty raised floor
- Temperature and humidity in-line with ASHRAE guidelines

Power capacity

- Total power provision of 4MVA
- N+N power with infrastructure static switching (A+B)
- Power density: 1,000W/m²

- N+N UPS configuration design
- 10 minute UPS autonomy at full load
- N+1 standby diesel generator design

Connectivity

- Carrier neutral
- Multiple, diverse entry points into dedicated data centre

- Alternate carrier routing where feasible as requested by the customer

Fire control

- Addressable analogue alarm system with double knock condition to initiate gas release above and below floor

- PF23 in all rack rooms and UPS rooms
- HSSD smoke detection (VESDA)

Security

- 24/7 onsite security, monitored
- Badge card access system, linked directly to Colt
- Secure 2 door 'mantrap'

- Central alarm monitoring with optional rack monitoring
- Complete CCTV coverage
- ISO 27001 certified

Environmentals

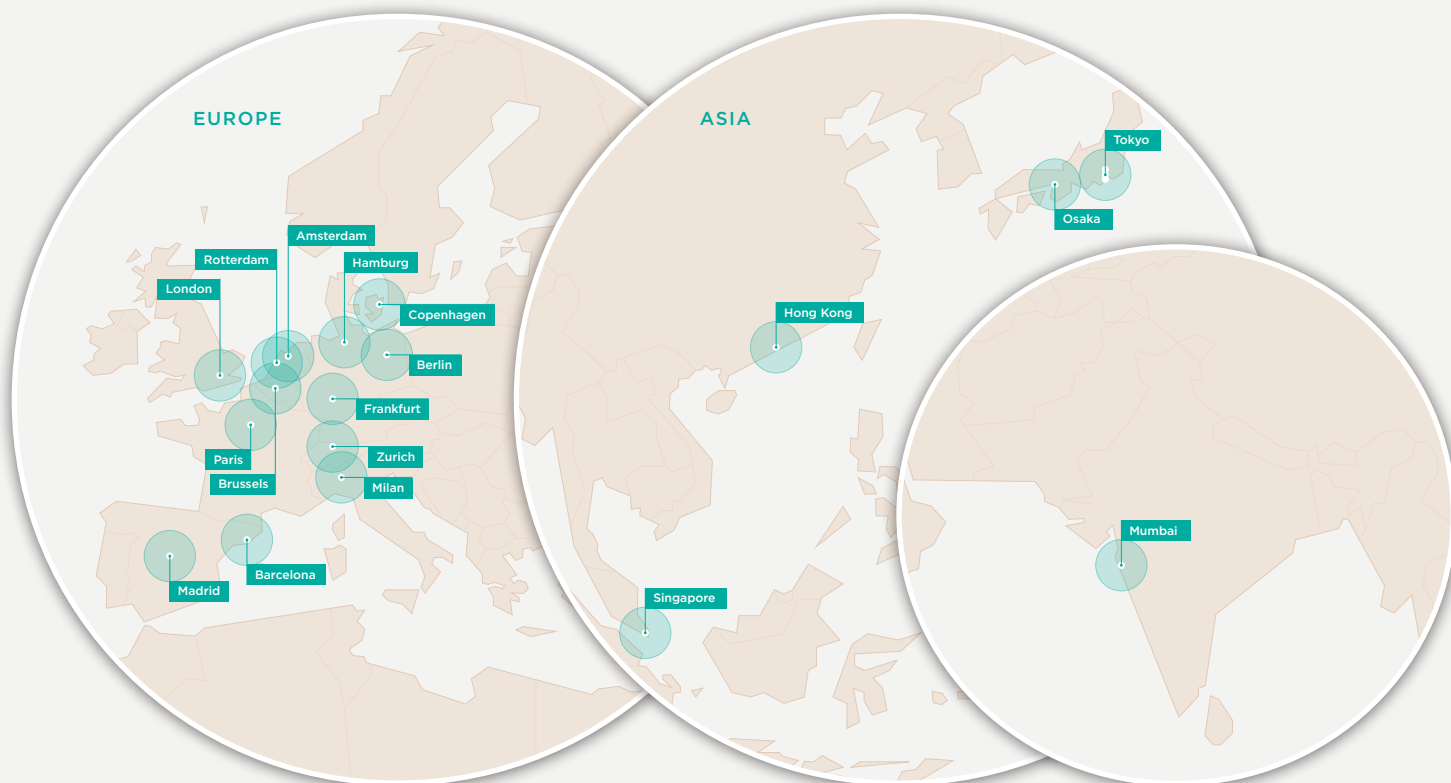

- 12km from the nearest airport

- 200m from the nearest railway station

Energy efficiency

- Comprehensive energy and environmental monitoring systems as standard

Colt Data Centre Services

In today's world, great businesses must be secure, resilient, scalable and above all - connected.

At Colt Data Centre Services this is our business. Colt Data Centre Services offers flexible and affordable colocation and IT infrastructure solutions. Our connectivity and colocation solutions allow our customers freedom to plan effectively for the growth of their business, knowing that their data centre strategy is future-proof.

We operate 24 state-of-the-art data centres across Europe and Asia Pacific, offering 24/7 security and local language support. We are connected to a further 530+ third party data centres across our network and are able to offer private links into the major public cloud providers.

As the only data centre provider in the world to secure the highest M&O certification by the Uptime Institute, our operational standards are recognised as industry-leading.

Colt Data Centre Services has over 20 years' experience in designing, building and operating energy-efficient, reliable data centres - hosting significant financial, media, corporate and cloud wholesale providers across the world.
