# Colt Berlin Data Centre

Powered by 5.28MVA

**Colt Berlin Data Centre offers over 3,600m<sup>2</sup> of secure resilient space.**

## Highly efficient carrier neutral data centre facility in Berlin

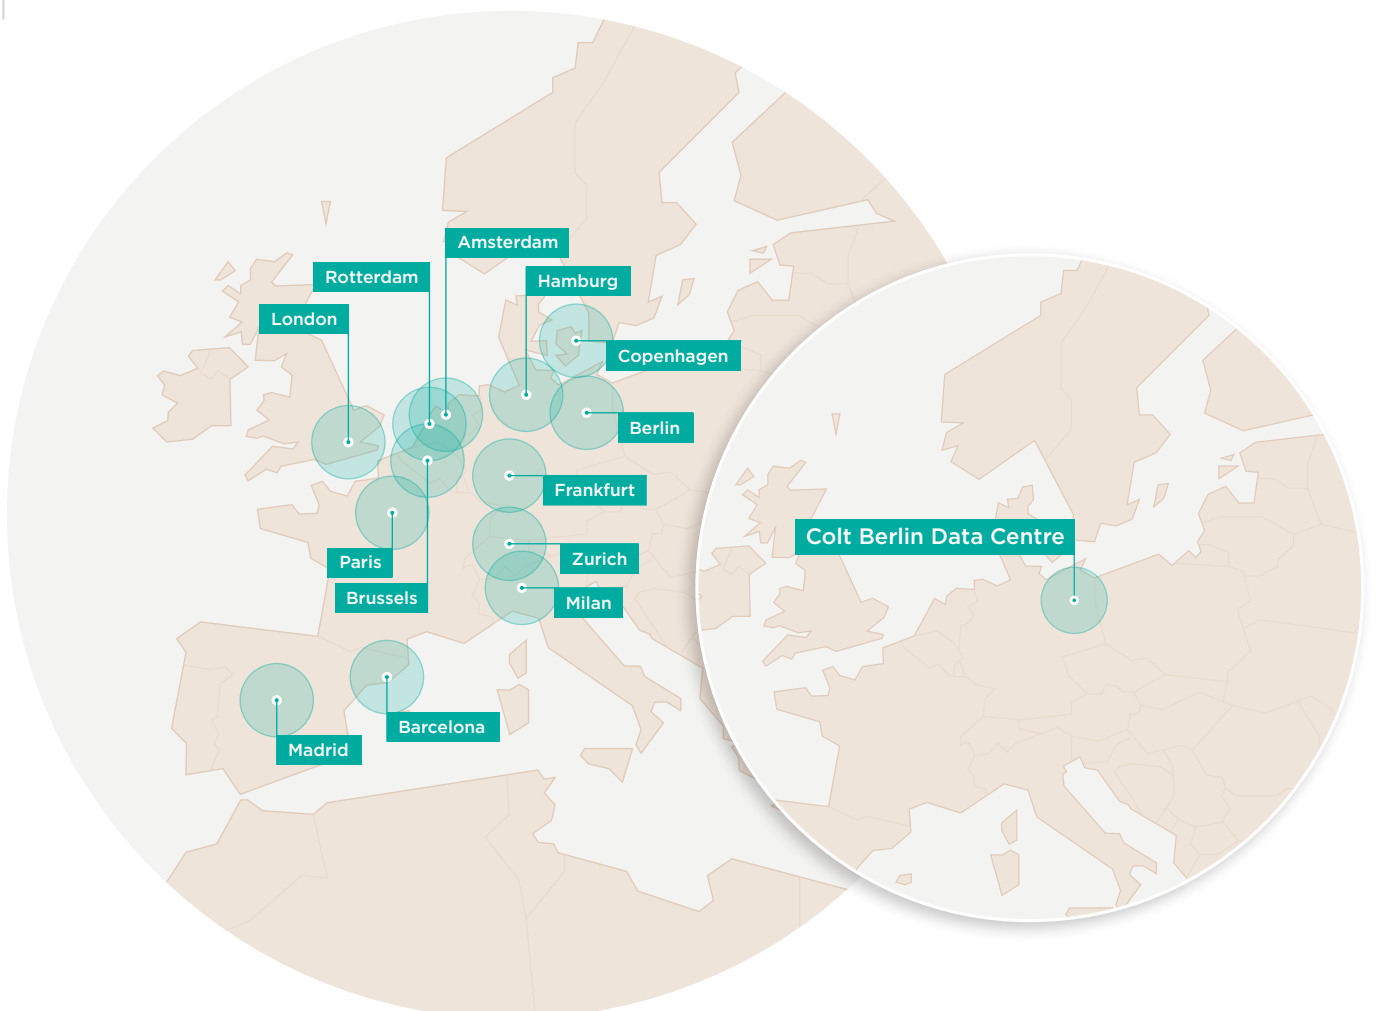

Colt Berlin Data Centre is located just 5 km away from the nearest major airport, and 4 km from Berlin's mainline station. This Colt Tier 3 facility offers state-of-the-art technology, resilience and 24/7 security. It provides over 3,600m<sup>2</sup> of data centre space and alternative carrier routing.

## Service excellence

- High level of reliability and resilience
- Consistent and efficient service delivery
- ITIL based service management methodology
- ISO 27001 and ISO 14001 certified

Our team is responsible for the entire mechanical and electrical infrastructure at our Berlin data centre. This includes management of the data halls, capacity management, security, energy procurement and the programme of planned preventative and corrective maintenance work.

With a single point of contact, you can be sure of the highest level of service to support your data centre needs 24/7.

### Facility overview

- Over 3,600m<sup>2</sup> of technical space
- 5.28 MVA power available
- Carrier neutral
- Diverse cable routing
- Heavy duty raised floor
- SLAs on temperature and humidity in line with ASHRAE guidelines
- Parking facilities
- Office facilities
- Colt Tier 3 certified (i.e. concurrently maintainable)

### Power capacity

- Total power provision of 5.28 MVA
- N+N Centralised UPS's with separated cable routing to each suite
- N+1 generators provisioned per data hall
- 10 minutes battery autonomy
- 72 hour fuel capacity available for the site at full load

### Connectivity

- Carrier neutral
- BCIX Internet exchange
- Connectivity to major Cloud providers
- Alternate carrier routing wherefeasible as requested by the customer

### Fire control

- Addressable analogue alarm system with double knock condition to initiate gas release above and below floor
- Inert gas = FM 200
- HSSD smoke detection (VESDA)

### Security

- 24/7 onsite security, monitored by multiple guards
- Photo badge card access system, linked directly to Colt
- Secure two door 'mantrap'
- Central alarm monitoring with optional rack monitoring
- Complete CCTV coverage
- Secure tenant areas available for equipment delivery storage and rack build areas

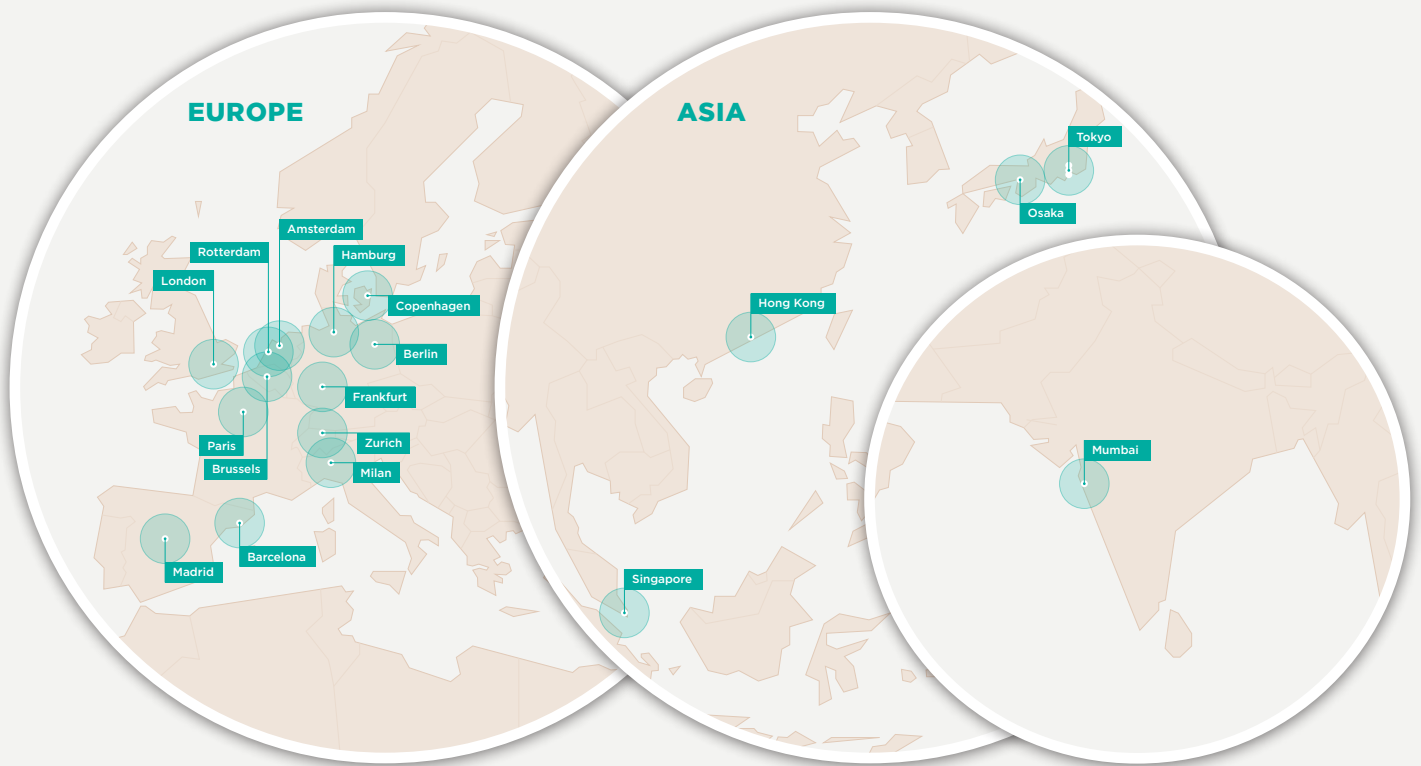

### Environmentals

- No flood risk designation by Environmental Agency
- No SEVESO registered sites operating within 8 km
- 5 km from nearest airport
- 4 km from the nearest railway line

### Energy efficiency

- Comprehensive energy and monitoring system as standard
- 100% green power used
- Dry cooler and heat exchanger water cooling and DX mode

**Colt Data Centre Services**

In today's world, great businesses must be secure, resilient, scalable and above all - connected.

At Colt Data Centre Services this is our business. Colt Data Centre Services offers flexible and affordable colocation and IT infrastructure solutions. Our connectivity and colocation solutions allow our customers freedom to plan effectively for the growth of their business, knowing that their data centre strategy is future-proof.

We operate 24 state-of-the-art data centres across Europe and Asia Pacific, offering 24/7 security and local language support. We are connected to a further 530+ third party data centres across our network and are able to offer private links into the major public cloud providers.

Colt Data Centre Services has over 20 years' experience in designing, building and operating energy-efficient, reliable data centres - hosting significant financial, media, corporate and cloud wholesale providers across the world.
