

Colt Frankfurt City Data Centre

Data centre specification

Colt Frankfurt City Data Centre

Powered by 2.4MVA

Colt Frankfurt City Data Centre has 1,200sqm of secure resilient space.

Highly efficient carrier neutral data centre facility in Frankfurt

Colt Frankfurt City Data Centre is located 13.8 km away from the nearest major airport, and 5 km from the railway station. This Colt Tier 3 data centre offers proven technology, resilience and 24/7 security. This facility provides 1,200sqm of data centre space and alternative carrier routing.

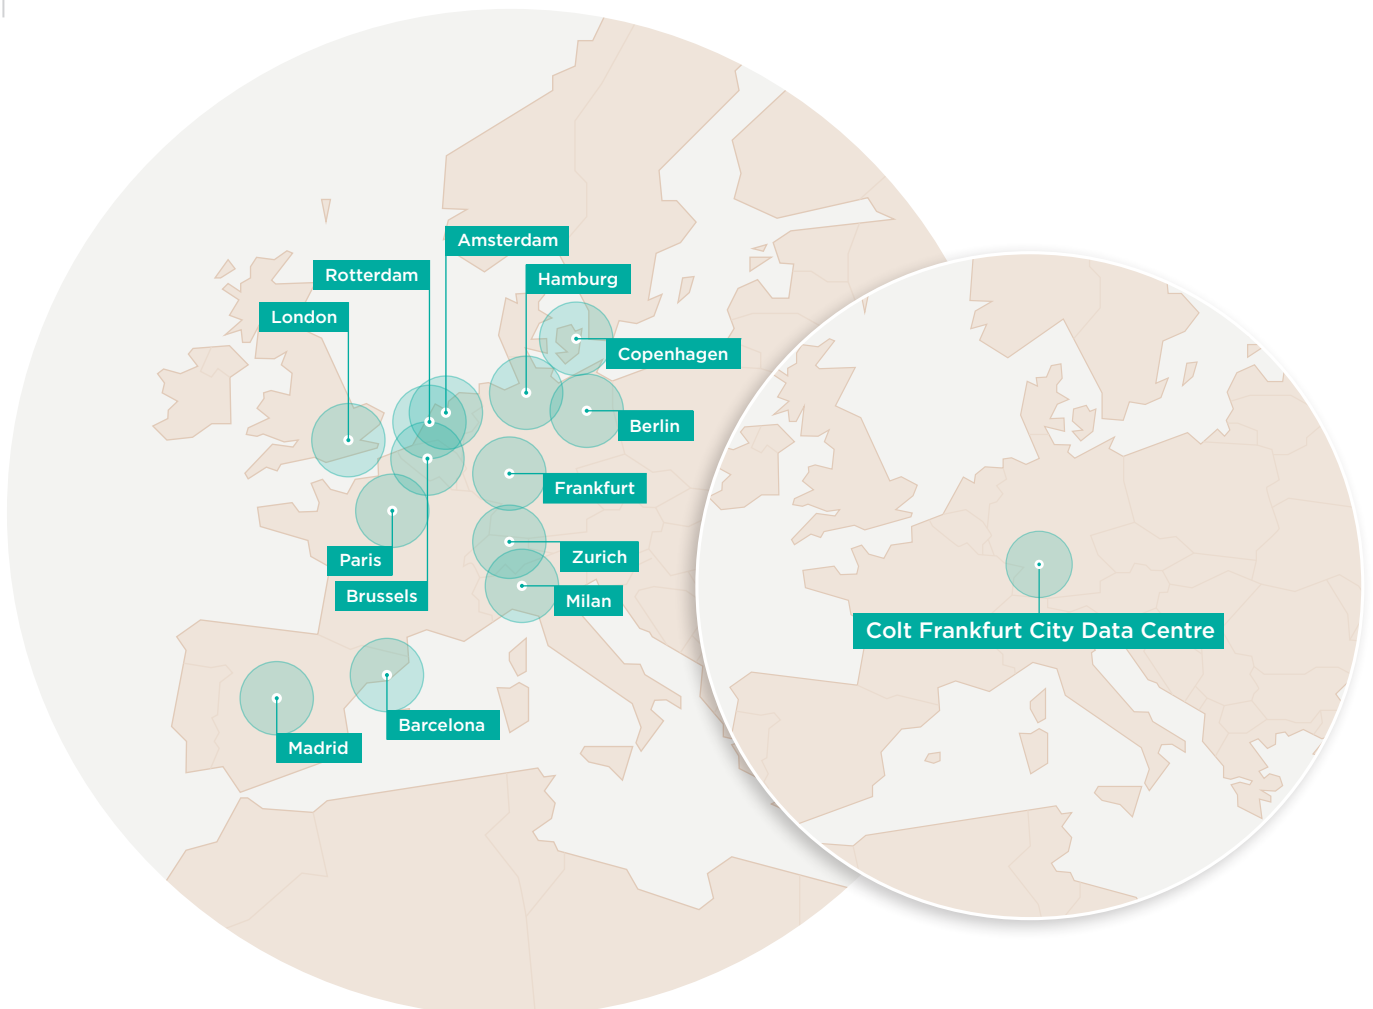

With 2.4 MVA of power available this data centre will ensure you have the scalability of energy supply exactly when required.

Service excellence

- High level of reliability and resilience
- Consistent and efficient service delivery
- ITIL based service management methodology
- ISO 27001 and ISO 14001 certified

Our team is responsible for the entire mechanical and electrical infrastructure at Colt Frankfurt City Data Centre. This includes management of the data halls, capacity management, security, energy procurement and the programme of planned preventative and corrective maintenance work.

With a single point of contact, you can be sure of the highest level of service to support your data centre needs 24/7.

Facility overview

- 1,200sqm of technical space
- 2.4 MVA power
- Carrier neutral
- Colt Tier 3 certified (i.e. concurrently maintainable)
- Heavy duty raised floor
- Temperature and humidity in line with ASHRAE guidelines
- Parking facilities
- Office facilities
- Remote Hands service

Power capacity

- Total power provision of 2.4 MVA
- N+N power with infrastructure static switching (A+B)
- Range of power densities: up to 1250W/m² power
- Dedicated N+N UPS
- 10 minute UPS autonomy
- N+1 generators
- 72 hour fuel capacity available for the site at full load

Connectivity

- Carrier neutral
- Multiple, diverse entry points into data centre
- Alternate carrier routing where feasible
- DECIX connectivity
- Major Cloud provider connectivity

Fire control

- Addressable analogue alarm system with double knock condition to initiate gas release above and below floor
- FM200 or inert gas (Inergen, Argonite, Proinert) in rackrooms and UPS rooms
- HSSD smoke detection (VESDA)

Security

- 24/7 onsite security, monitored by multiple guards
- Photo badge card access system, linked directly to Colt
- Secure 2 door 'mantrap' main entrance revolving door
- Door opening alarm
- Central alarm monitoring
- Complete CCTV coverage
- ISO 27001 certified

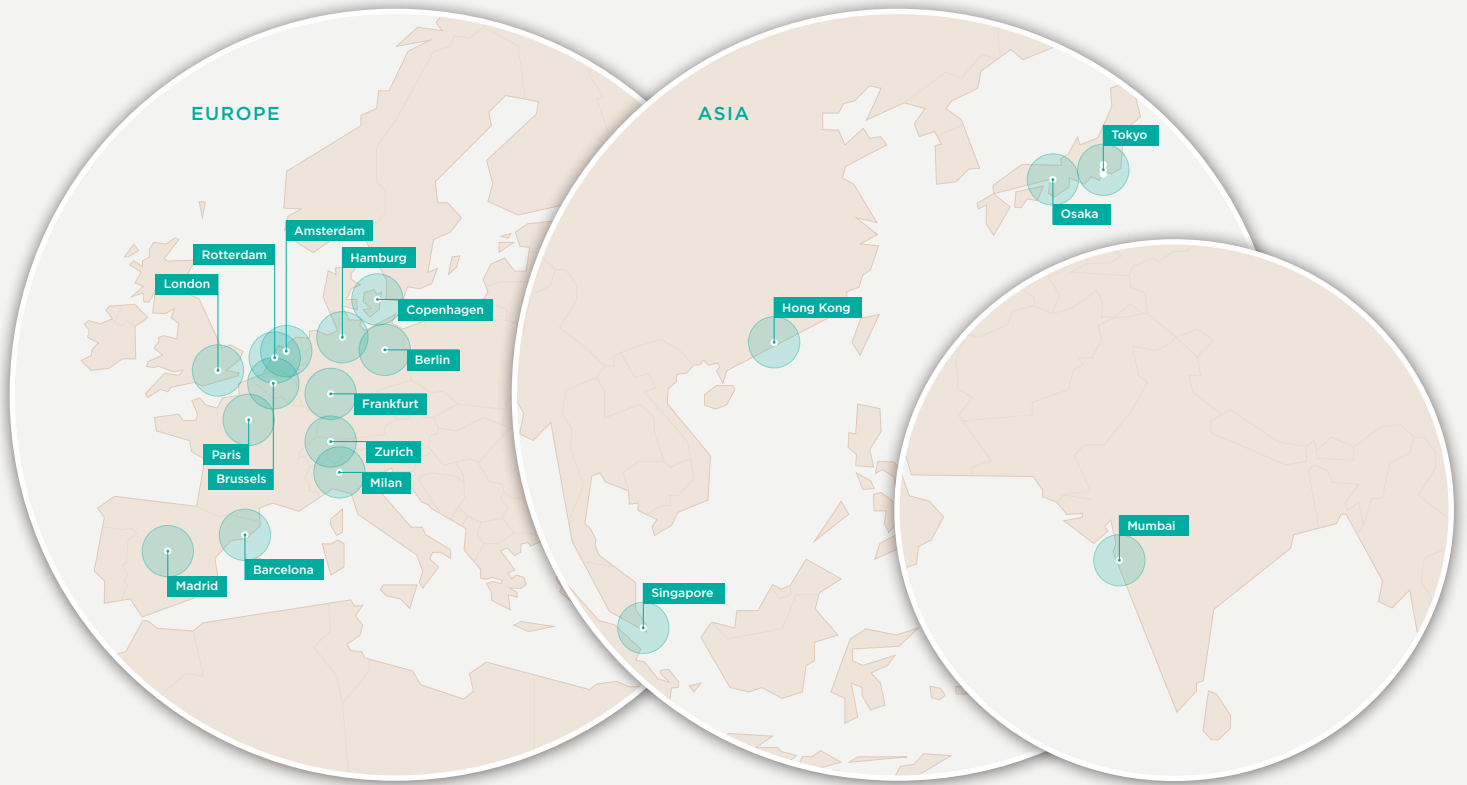

Environmentals

- No flood risk designation by Environmental Agency
- 13.5 km from the nearest airport
- 5 km from the nearest railway station
- Accessible by tram
- No earthquake or flight path risk

Energy efficiency

- Fresh air drycooler & heat exchanger water cooling and DX mode back up
- 100% of green power used

Colt Data Centre Services

In today's world, great businesses must be secure, resilient, scalable and above all - connected.

At Colt Data Centre Services this is our business. Colt Data Centre Services offers flexible and affordable colocation and IT infrastructure solutions. Our connectivity and colocation solutions allow our customers freedom to plan effectively for the growth of their business, knowing that their data centre strategy is future-proof.

We operate 24 state-of-the-art data centres across Europe and Asia Pacific, offering 24/7 security and local language support. We are connected to a further 530+ third party data centres across our network and are able to offer private links into the major public cloud providers.

As the only data centre provider in the world to secure the highest M&O certification by the Uptime Institute, our operational standards are recognised as industry-leading.

Colt Data Centre Services has over 20 years' experience in designing, building and operating energy-efficient, reliable data centres - hosting significant financial, media, corporate and cloud wholesale providers across the world.
